FAQ

Flexible Format: Independent Study is designed for students who prefer a flexible schedule. After the registration and payment are received, textbook and accompanying materials are mailed, and a regional content expert is assigned as your instructor.

Pace: Students have **one to four months** to complete the coursework (see Length). Working at your own pace, your instructor will guide you in completing chapter assignments, quizzes and exams. Curriculum and materials are the same as an in-person course.

Registration: Register anytime at your convenience. Courses begin once student registers and receives materials. To get started, complete the registration form and mail with payment (including

\$15.00 processing fee per course) to the CFT office. Note: Registrations will not be processed until payment is received.

Withdrawal Policy: Withdrawals must be sent in writing. Students will be assessed a \$100 fee for withdrawals received after the registration has been processed. Refunds will not be issued once course materials have been sent.

***ACE Credits:** College transfer recommendation status by the American Council on Education. Contact the CFT office for more information.

Visit our website for course descriptions.

Taking a course through Independent Study is not for everyone. Personal time and self-discipline are required to successfully complete a course in this format.

Transfer Your CFT Credits to a College or University!

The American Council on Education's College Credit Recommendation Service (ACE CREDIT) has evaluated and recommended college credit for these courses. The American Council on Education, the major coordinating body for all of the nation's higher education institutions, seeks to provide leadership and a unifying voice on key higher education issues and to influence public policy through advocacy, research, and program initiatives.

ACE CREDIT connects workplace learning with colleges and universities by helping adults gain access to academic credit at colleges and universities for formal courses and examinations taken in the workplace or other settings (CFT) outside traditional higher education.

Students who successfully complete ACE-evaluated CFT courses are able to have college credit recommendations from the ACE Transcript Service, a central national database, submitted to various institutions of higher learning for consideration.

When you are ready to transfer your CFT credits to a college or university, please contact the CFT office to request a **Recordkeeping Services Request Form**.
